

2019 CABERNET SAUVIGNON

POZZAN VINEYARD
CALISTOGA | NAPA VALLEY

VINTAGE NOTES

The growing season began with heavy rains in early spring, cultivating a robust cover crop, and strong shoot growth in the vines. Summer weather was moderate with very few heat spikes. The end of the growing season was mild and long, allowing for optimal ripeness and freshness in the wines.

VINEYARD NOTES

Elusa's 2019 Pozzan Cabernet Sauvignon had our winemaker, Jonathan Walden excited about the future and potential of fruit from this younger vineyard which was planted in 2012.

Cabernet Sauvignon Clones 30, 6, 7, and 337 are all present in the vineyard, each supplying their own characteristics and traits. The iron-rich red soil is an Aiken Loam and when paired with the nightly cool, coastal influence it results in dense and complex wines.

TASTING NOTES

Prominent acidity is a characteristic of Calistogan wines that Elusa embraces, and you'll notice it in this vintage. This wine is dark, bluish-red in the glass, and lingers mid-palate. There is no doubt about the bold and intense impression our Pozzan Cabernet Sauvignon leaves on one's nose and palate.
